

SUPERMAN SAM'S SUPER VACATION OF MEMES

Superman Sam was on vacation with John Haller. They sat under a gigantic open palm tree that held countless photographs.

They drank a diet coke bottle. One photograph is of a young Clark Kent as the world's greatest superhero. "He's a fake, a heathen!" exclaimed Superman Sam. It was at that moment that Superman Sam realized that he needed to wake up immediately, because he had never slept a single night of his life.

He decided to take a bed and some clothes from a closet and leave the room. "i am leaving the room!" Exclaimed superman sam. He entered the secret hidden elevator under the stairs, down into the Supercave. Sadly he found a sleeping Clark Kent sleeping and opened the door for him. "can't sleep." mumbled Clark Kent. "Get the fuck out of my house!" Exclaimed a weary Superman Sam. He drew a gun and exclaimed "PSb\$9B\$" and shot Clark Kent.

And that was that, until his secret gun was stolen from him by John Haller's beauty-snapping girlfriend, exactly a week after Superhero Sam arrived. Her joy was infectious, only a Subway worker would know the opposite. Out of ideas and desperate for answers. Superman Sam boarded a flight to Japan. Sadly, the naked female that attended him there could smell the cigarettes and ghost of Clark Kent stinking in the air. "Heeey, where is Clark Kent?" Disgruntled and awed, the Japanese superman sam, also known as 'All Might', coughed up blood and sang with Joe Jackson's cuddly voice. His most memorable moment was the moment where he transformed himself from Superman into a koala bear wearing a funky bodysuit and an "evolutionary japanese coat". All hail Superman Sam, said All Might.

As their flight landed in Tokyo. It was evening now and Superman Sam was hungry, so he went to a market and exclaimed "Fish burger!" and ate a fish burger.

When he finished his snack, he woke up from his dream, exactly a week later. The Daily Planet was throbbing with busy ads and new product launches. All Might was hard at work on the Rebirth of the Superman ads, exactly one week later. At the end of his vacation, Superman Sam was tired. He needed a rest. So he turned to All Might and very very loudly snored "awe!" because, those market ads always had such meaning to him.

Finally he decided to take his bucket of fuck and lick his feet, lest he get topless. Once he had his feet wrapped in some cheap bear pants, and covered in hot sauce. "So there i was, barbecue sauce on my titties!" exclaimed Superman Sam. All Might laughed up blood, excitedly he began to tell him a tale of a young hero named Lamplugh the inventor, who built boats in an old timey town. You will know him better as Zedex Insanity the great. Superman Sam was intrigued, clutching his bucket of fuck. "Why didn't you invent a thing like that yourself?" asked Sam in a calm, cold voice.

Laughter continued at the cost of hilarious as All Might told the tale of his creation, to the delight off Superman Sam. "Haha! That is very funny!" Exclaimed Superman Sam. "i believe we're on a date now?" Said All Might to Superman Sam. After all, he is canonically bisexual. They looked into each other's eyes and they realised deep down that they wanted to be with each other from the start. They had chemistry. But that wasn't all, Superman Sam and All Might. Had real feelings for each other. Really feeling for each other but they were just too shy to admit it. All Might was the first to strike up a conversation. "i like your shoelaces". Superman Sam exclaimed "Thanks! i stole them from my Mother, you see from my honeymoon my wife and i ran into some troubles out on the water, boats drifted out of control, everything, at one point my yo-yo got wedged into my armpit because my arm was washing up the dishes from Greggs!". All Might was heartbroken, he didn't realise Superman Sam was poly, but wasn't also All Might??? Surely this could only go well for the two of them. Superman Sam Blushed. "i can't believe that worked, i just can't!" Said All Might to him. "Ok, Ok i have noticed something. And i think you're right. i have a couple of feelings for you. i'm not straight."

The next few hours were a blur in their memory, but somehow they woke up in bed next to eachother. It was a good night, a sexy night. Full of mutual desire and lust. "You remember these right?" He was staring into his eyes, remembering the night with such joy and happiness. "i remember having at least 9 orgasms that night! i know! Because i counted!" Exclaimed Superman Sam. "i remember everything! We talked about incest, i took you to my favourite movie theatre. And we saw Cats [2020]. It was so funny! i didn't think the Cats would be able to talk". "And James Corden was there!" Exclaimed Superman Sam. Superman Pam walked

in, "Are you sleeping with my husband? Hell yeah!".
"Pamantha, what are you doing in Japan!?" Exclaimed
Superman Sam. "Oh you know, stuff" mumbled Pam. That's
when, Hatsune Miku poked her head around the corner,
"i'm stuff!" She proudly exclaimed. Everyone laughed,
and then they went home. "And that isn't even the end
of the story!" Exclaimed Superman Sam, but the goop
guy tried to change my dream (that i (Superman Sam
(1st person perspective)) was still in).

He said that i was dreaming about the night with All
Might, and woke me up. Only at that moment did i remember
i was dreaming about the night with Superman Sam, but
forgot to tell him. "i have to sleep with you in Japan
again some day!" Superman Sam exclaimed sadly. Luckily
Miku was still about. "How about if your dream is about
the night with me, and you remember it, but don't know
it?". "That's it!" Exclaimed Superman Sam, satisfied
that this was a satisfying conclusion for the reader.
The end.
